

## Telehealth Program in the Schools

Dear Parent(s) / Legal Guardian(s),

Astria Sunnyside Hospital is very excited to offer quality health care services through a remote video and audio connection with the pediatric Astria Health Center and the John Hughes Student Health Center. Through a secure telehealth platform, Clinic providers at the pediatric Astria Health Center and John Hughes Student Health Center will work with your student's school nurse to offer medical services for your student as may be appropriate.

With support for treating certain pediatric acute care needs, including minor injuries and illnesses and ongoing management of chronic conditions, the skilled medical staff at the pediatric Astria Health Center and John Hughes Student Health Center will be able to remotely provide high quality care. The providers at the pediatric Astria Health Center and John Hughes Student Health Center are licensed physicians and allied health professionals.

Through a telehealth (video and audio) connection between the school and the pediatric Astria Health Center, students will be able to see a care provider "virtually" without having to miss a school day as well as alleviating the stress of making arrangements to take time out of your busy day to transport your child to their doctor appointments.

If you are interested in these services, or wish for more information, please complete this form or call (509) 836-4840.

Student's name: \_\_\_\_\_ Student's birthdate: \_\_\_\_\_  
FIRST MIDDLE LAST

Address: \_\_\_\_\_

Parent / Guardian Signature is required

PARENT / GUARDIAN SIGNATURE: \_\_\_\_\_ Date: \_\_\_\_\_

Please print name: \_\_\_\_\_ Phone number: \_\_\_\_\_

Please indicate yes or no and return this form to the school:

Yes, I hereby grant authority for my student to receive medical treatment via a telehealth visit with a provider at the pediatric Astria Health Center or John Hughes Student Health Center when recommended by my student's school nurse or provider. I understand my student's rights to privacy under HIPPA. I may obtain a full copy of my student's medical records at the pediatric Astria Health Center or John Hughes Student Health Center upon request. I grant authority to the school district to provide my student's personal information to the pediatric Astria Health Center and John Hughes Student Health Center staff and providers as needed for their records in order to provide telehealth services to my student.

No, I do not wish for my child to participate in the school telehealth program.

Billing: There is no charge for a telehealth visit at the school.

Medical Information:

Please list any medical conditions or allergies (e.g. heart murmur, asthma, allergies to medication, food or latex, etc.).
