Charity Care/Financial Assistance Application Form Instructions

This is an application for financial assistance (also known as charity care) at Astria Health.

Washington State requires all hospitals to provide financial assistance to people and families who meet certain income requirements. You may qualify for free care or reduced-price care based on your family size and income, even if you have health insurance. Astria Health utilizes the federal poverty income levels to determine eligibility for financial assistance. The guarantor's household gross income is compared to this poverty level. If this total is at or below the 300% level, 100% of the patient responsibility balance on approved accounts will be forgiven.

What does financial assistance cover? The hospital financial assistance covers appropriate hospital-based services provided by Astria Health depending upon your eligibility. Financial assistance may not cover all health care costs, including services provided by other organizations.
