### - REQUIREMENTS -

- 1. Servings:** Each dessert provided must serve approximately 8 people.
- 2. Presentation:** Please plate your dessert in a festive, visually appealing manner on a decorative serving dish. These items will be auctioned, so it is important that they look as tantalizing as they taste. Example: bars, cookies or sliced dessert breads should be arranged in such a manner they cannot be crushed.
- 3. Important:** Please list any and all known food allergens in the space listed above, and if your dessert is allergen-free, please note that too so that guests know.
- 4. Please note:** Per Washington State Department of Health guidelines, donated foods, both homemade and commercially made, must be baked goods that do not require refrigeration to remain safe. **Examples include:** cookies, bars, cakes, fruit pies, brownies and dessert breads. Non-baked desserts are not permitted.

Please return your completed form to Mary Ramirez, City of Sunnyside.
